ARIVA II

The gulet "Ariva II" is a great sailing vessel of 25 meters, made entirely of wood with modern techniques, but with traditional design.

Ariva II is a classic turkish gulet with square stern, a very robust boat, with teak bridge, built by a prestigious shipyard of Bodrum in Turkey, armed ketch (two masts) with a gaff mainsail and jib and staysail at bow.

On board the space available to guests are well above the normal sailboats.

The stern deck is used as a patio covered by a bimini

for dining or relaxing outdoors with a table and sofa cushions. At the center of the boat, is located inside a large hall with dining table and bar, relaxation area with TV, VCR, Hi-Fi and games.

From this room you go down to the cabins below deck, all with double beds (two with double bed and one single), bathroom with shower and hot water and air conditioning.

The kitchen is located in the upper deck with access from internal living space. At the bow there is a comfortable deck chairs, a couch, with pillows and much appreciated by those who are fond of sunbathers and relaxing time.

The crew consists of qualified professionals. The crew consists of captain, cook and 1 or 2 sailors.
